After five months of terrible suffering, Mrs. Richard Smith succumbed to stomach trouble Tuesday at noon. Five months ago she was taken to a hospital at Salt Lake to be treated for cancer of the stomach. The medical authorities there deemed it unwise to operate, so her husband returned home, hoping against hope that she would survive.

The sympathy of all the citizens of Spanish Fork is aroused for the bereaved family.

A meeting was appointed for Wednesday evening, March the 16th for the purpose of electing sub-committees to attend to the different parts of the show.

HIGH SCHOOL NOTES

Friday last, Mr. R. T. Thurber delivered a lecture at the High School. His subject was "Higher Values." The topics treated were full of suggestion, and the humorous touches in the presentation, rendered the theme inviting to the students. It is a noteworthy fact that local speakers can do much to inspire enthusiasm in the minds of the young people of our community. Mr. Thurber was accompanied on his visit by two of the charming young ladies of this city, Misses Tacy Rockhill and Erma Dunn. The former rendered several piano selections with skill and with a manifestation of fine technique; the latter sang two solos which in general appealed to all and in particular impressed the young men whose expression seemed to be that of fond anticipation.

The pleasant days which we have recently enjoyed, have filled the students with a growing desire for athletics. The boys are making every effort to get base ball suits and the girls are working for a tennis court. With a united effort both ends can be accomplished.

The base ball team are doing regular practice every evening after school. They are showing considerable class and will have a first class team by the time of the opening of the county high school base ball league.

This Is Certain

The Proof That Spanish Fork Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testify to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Reuben Marshall, First Ward, Spanish Fork, Utah says: "The public statement I gave in favor of Doan's Kidney Pills in 1907 still holds. I am glad to again recommend Doan's Kidney Pills. Attacks of kidney complaint bothered me for a number of years and there was a persistent, dull ache across the small of my back. The kidney secretions were scanty and painful in passage and gave proof that my kidneys were out of order. One day I happened to be at Larson's drug store and I had Doan's Kidney Pills recommended to me. I procured a box and began their use and to my delight, prompt relief followed. Doan's Kidney Pills acted directly on my kidneys and in a few days every symptom of kidney complaint was relieved. I am certain that anyone who gives this remedy a fair trial cannot be otherwise than pleased with the results derived.

AWAKE! AWAKE! ROUSE YOURSELVES! MEN OF THE WEST

These opportunities are yours! Yours, for your children and your children's children.

Do you realize that Utah's crop of irrigable land will soon be exhausted? Do you realize that it is costing more to build irrigating works, and that the prices of lands must steadily advance to meet the costs of the more difficult projects?

In the State of Washington they are paying \$200 to \$300 an acre for lands no better than ours in Utah, and where the climate is far less attractive and agreeable, and the possibilities are no greater. WHY? Because the scramble for the last best land has begun. It will begin in Utah soon. The growing realization all over this country that irrigation is the one sure way of profitable farming and fruit growing, is sending to the West the wide-awake eastern men and women, who are determined to buy irrigated lands.
